The Great Canadian Snow Art Challenge Returns

Once again it is winter in Canada and that generally means SNOW. This Family Day weekend the Grimsby Public Art Gallery challenges creative snow-lovers in Grimsby, young and old, individually or in groups, to create Snow Art. The possibilities are endless! Get outside and have some fun!

**So what is Snow ART? Is it- Made of snow? Inspired by snow? Created in snow?
You tell us! Slip on your woollies, lace up your boots, get outside and create.**

Document your work with photographs or video and email to GPAG (gpag@grimsby.ca) and we will display them online. Please include your name, a title and if you like, a brief description of how and why you created your piece with your email.

**This snow challenge is on until the snow is good and gone and Spring has arrived!
Like and follow us to see our gallery updates.**

Please share the posts to help us connect as a community with some winter fun.
