

Civic Recognition Program Policy

Town of Grimsby

POLICY STATEMENT

The Civic Recognition Program recognizes outstanding achievements and voluntary contributions of residents and organizations of the Town of Grimsby. The program provides an opportunity for the Mayor and Members of Council to celebrate and acknowledge the special efforts of community members.

PROGRAM SUMMARY

Civic Recognition awards will be presented bi-annually as a means of celebrating citizen achievements and community efforts. Awards will be presented based upon nominations received, and the summary and recommendations prepared by the Parks, Recreation and Culture Department. A Civic Recognition Awards Ceremony, presented by Town Council, will be held to acknowledge the recipients.

PROCESS

- Nomination forms and criteria will be sent out to all community organizations on file with the Parks, Recreation and Culture Department. The forms and information will be advertised in the local newspapers, on the Town website, through social media and posted in community facilities.
- Staff will collect, summarize and present the nominations to the Parks, Recreation and Culture Committee for approval (and then subsequently Town Council).
- The nomination description, as provided by the nominator, will be the basis for the award approval and it will be used as the introduction for the award recipient at the awards event.
- Once approved the nominators and nominees will be notified of their award and the details of the ceremony date. Nominees must agree to accept their award, and RSVP to the event.
- The Mayor and Council will be invited to present the awards to the recipients.
- Award recipients who were unable to attend the event will receive their certificate at a Town Council meeting.
- All award recipients are included in a master list of Civic Recognition Award Recipients.

FREQUENCY

- The Civic Recognition Awards will be conducted every 2 years, generally hosted in the Spring.
- Independent awards may be issued under special circumstances. These awards will still follow the same approval process.
