

Grimsby Beach Community Survey

The Town of Grimsby is undertaking a land use planning study of Grimsby Beach. The study will examine the area's existing conditions, particularly the unique cultural and natural heritage characteristics, as well as land use, servicing and transportation. The study will consider the policy and regulatory framework and the planning tools that can be used to address the community's aspirations.

The goal of the study is to establish a community vision and guiding principles for the area and a comprehensive and implementable framework/plan that will address change while ensuring the character of the area is maintained and protected.

Grimsby Beach Study Area Boundary:

Based on community feedback from previous engagement, the community has expressed that additional areas should be included in the study area due to their significance with respect to Grimsby Beach. These areas are outlined in red and currently under consideration. When taking the survey, please consider these areas as well.
