Two plans are available:

- **Installments** - withdrawing payments on the regular installment due dates

For more information and application forms, visit our website.

PAYING ON TIME

WASTEWATER BILLING CHANGE

Prior to 2023, costs to maintain the Town’s wastewater collection system was fully funded by a wastewater levy on the tax bill. Council approved a budget change for 2023 forward. Wastewater costs will be divided between a levy on the tax bill and as a fee on your water bill.

- For 2023 - 66.7% Levy, 33.3% Water Bill
- For 2024 - 50% Levy, 50% Water Bill

This change results in a more equal distribution of wastewater costs by linking cost to consumption. Property owners will see a reduction on their tax bill. Try our online calculator to determine what impacts will be based on your property assessment and estimated water bill.

NEW TRANSIT LEVY

On January 1, 2023 local transit services across the region amalgamated to create Niagara Region Transit, a single transit system that will improve connectivity between our communities and make it easier for people to get where they need to go. Regional Transit was previously included in both the Town of Grimsby and Niagara Region tax rate, but it's now billed separately as levy item on your tax bill.
