

THE CORPORATION OF THE TOWN OF GRIMSBY

By-law No. 21-17

A BY-LAW TO PROHIBIT AND REGULATE THE SETTING OF
OPEN AIR FIRES WITHIN THE TOWN OF GRIMSBY

Whereas subsection 7.1(1) of the *Fire Protection and Prevention Act, 1997*, S.O. 1997, c. 4 provides that the council of a municipality may pass by-laws regulating fire prevention, including the prevention of the spreading of fires, and regulating the setting of open air fires, including establishing the times during which open air fires may be set;

And whereas Sentence 2.4.4.4.(1) of Part 2 of Division B of the Fire Code provides that open air burning shall not take place unless it has been approved;

And whereas section 11 of the *Municipal Act, 2001*, c. 25 provides that the council of a lower-tier municipality may pass by-laws respecting the health, safety and well-being of persons, and the protection of persons and property;

And whereas section 128 of the *Municipal Act, 2001* provides that a municipality may prohibit and regulate with respect to public nuisances, including matters that, in the opinion of the council, are or could become or cause public nuisances;

And whereas Council is of the opinion that smoke, odour, ash and embers from an Open Air Fire (as defined below) that enter onto or affect neighbouring properties are or could become or cause public nuisances;

And whereas section 391 of the *Municipal Act, 2001* provides that a municipality may impose fees and charges on persons for services or activities provided or done by or on behalf of it;

And whereas section 434.1 of the *Municipal Act, 2001* provides that a municipality may require a person, subject to such conditions as the municipality considers appropriate, to pay an administrative penalty if the municipality is satisfied that the person has failed to comply with a by-law of the municipality passed under that Act;

And whereas section 446 of the *Municipal Act, 2001* provides that if a municipality has the authority under that or any other Act or under a by-law under that or any other Act to direct or require a person to do a matter or thing, the municipality may also provide that, in default of it being done by the person directed or required to do it, the matter or thing shall be done at the person's expense, and the municipality may recover the costs of doing a matter or thing from the person directed or required to do it by action or by adding the costs to the tax roll and collecting them in the same manner as property taxes;

And whereas Council deems it necessary and desirable to repeal Open Air Burning By-law 12-40 and to replace it with this By-law to prohibit and regulate the setting of Open Air Fires for the purposes of preventing the spreading of fires, protecting the health, safety and well-being of persons, and protecting persons and property;
