

TOWN OF  
**GRIMSBY**

Whereas good citizenship enhances and enriches the lives of all members of our community; and

Whereas acts of good citizenship affect every aspect of life in Grimsby, including social connection, education, creativity, community well-being, and livability; and

Whereas in 1998 The Brandee Elliott Education Projects was created in Brandee Elliott's memory to inspire youth to contribute to society. Throughout her short life, Brandee demonstrated that young people can make a difference by contributing to the Town of Grimsby, the nation, and the world in significant ways; and

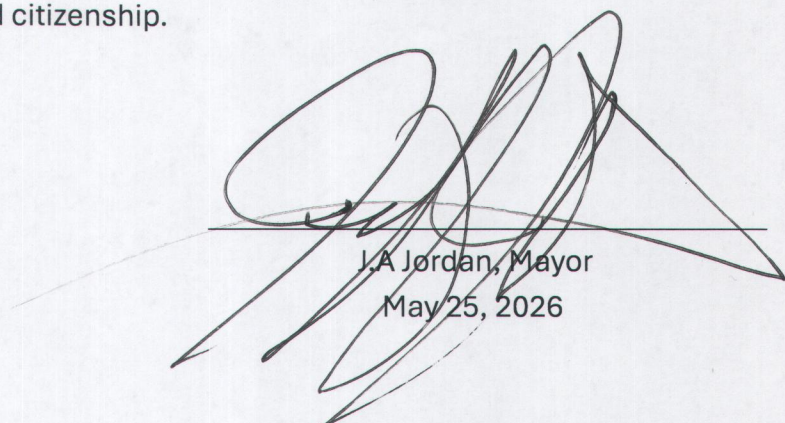

Whereas The Brandee Elliott Education Projects is dedicated to assisting children and youth to actualize their individual potential while fostering a spirit of service to society; and

Whereas the 2026 theme, "Capable & Contributing Across Generations," honours elders, empowers youth, and strengthens our community by recognizing that both youth and elders are capable and contributing members of society; and

Whereas Good Citizenship Day 2026 encourages intergenerational connection by inviting residents to listen, learn, serve, share wisdom, and recognize the dignity, experience, and contributions of every generation; and

Whereas the Mayor, Town Council Members, and all residents in the Town of Grimsby are encouraged to make a difference, no matter how great or how small, by joining in a collective spirit of service and strengthening the community that is so meaningful to us.

Therefore be it resolved that I, Mayor Jeff Jordan, do hereby proclaim June 7, 2026 as Good Citizenship Day and urge Grimsby residents to participate in and celebrate our strong social fabric created through good citizenship.

J.A. Jordan, Mayor  
May 25, 2026
